

PRODUCT CHANGE NOTICE

PCN #:PCN001

Change Classification:	<input type="checkbox"/> Customer Approval Required <input type="checkbox"/> FYI – Notification Only		Date:	10/29/09
Customer Name:	NA			
Customer Contact:	NA			
Customer Address:	NA			
Part Number	Revision	Package Type	Customer Part Number	
CHL8500	NA	3x3 10LD DFN	NA	
CHL8510.	NA	3x3 10LD DFN	NA	
Description of Change:				
Addition of new supplier for lead frame as an alternative Rel qual completed by UTAC – see attachments below   CS3-10L DFN 3X3 CS3 10L DFN3X3.pdf CHANGED LEAD FRAI				
Affected Process / Product:				
CHL8510, CHL8500 Assembly process				
Identification of Impacted Product:				
MOSFET Driver				
Proposed date of change:	10/13/09	Date of product conversion:		
New traceable date code change:		Date of product shipment:		
Customer Acknowledgment / Approval				
Name:	NA	Title:	NA	
Signature:			Date:	

Questions concerning this PCN should be directed to your local CHiL Semiconductor Sales Representative.

Please return acknowledgment / approval to CHiL Semiconductor PCN Administrator at: csmith@chilsemi.com

Note: If the PCN is for a major change then a qualification plan and results (if available) must be attached to this document prior to communicating the change to any customers

PRODUCT CHANGE NOTICE

If there is no response from the customer, please refer to QP12 for PCN effective dates

The "First Availability" Date of Post-Conversion Product is the projected date that a customer may expect to receive the Post-Conversion Product. This date is determined by projected depletion of inventory at the time of PCN publication. Customers should be prepared to receive the Post-Conversion Product on this date; however, customers may continue to receive the pre-conversion product until inventory has been depleted.
